- 2) All bids are per lot as numbered in this catalogue.
- 3) Bids less than 50% of the estimate **will not be accepted.**
- 4) We reserve the right to withdraw any lot prior to sale.
- 5) All successful bidders shall be billed for postage, handling and insurance.
- 6) **We cannot be responsible for the loss of any merchandise shipped outside the United States.**
- 7) **All framed items are shipped at the purchaser's risk.**
- 8) SMYTHE reserves the right to reject any bids not made in good faith and further reserves the right to ban any bidder from participation in its sales for any reason deemed appropriate at our sole discretion.
- 9) A SMYTHE auction bidder expressly waives any claim or right to any accounting, damages or compensation arising out of SMYTHE'S failure to receive or execute any bid due to exclusion from our sales, clerical errors or other causes. No bids will be accepted from any person who has not signed a registration form or a bidder sheet.
- 10) United States coins and currency will not, in conformity with law, be opened at less than face value.
- 11) No "buy" or "unlimited" bids will be accepted. We will act as agents for all mail bidders in the sale. Mail bids will be opened at the next interval over the second highest bid except where the intrinsic or regular market worth of the item dictates an opening at its fair market value. Floor bidding intervals will have an average increment of about 5% at the discretion of the auctioneer.
- 12) In the case of a tie between a mail bidder on the book and a bidder on the floor, the mail bidder shall take precedence.
- 13) **All bids must be in whole dollar amounts. Percentage increases will be rounded up to the nearest dollar.**
- 14) **Check your bid sheets carefully. We can not assume any responsibility for errors made in the amount bid or lot numbers listed. Make sure your sheet is signed.**

A late charge of 1-1/2% per month will be charged on the invoice total if payment is not received **within 10 days** of mailing the invoice. Bidders not known to us are required to deposit 25% of their total bids in advance. Credit cards will not be accepted for auction purchases.
- 17) Title does not pass until payment in full is received. SMYTHE reserves the right to await clearance of any check before making delivery.
- 18) If a collection agency or attorney is required to collect outstanding accounts, all agency and court costs, witness and attorney fees and all other costs of any kind incurred by SMYTHE in procuring judgment shall be borne by the defendant. The signer of a SMYTHE bid sheet or participant in the auction concedes the jurisdiction of the courts of the U.S. in New York City or the New York State courts as SMYTHE alone shall elect. The participant in a SMYTHE auction also assumes both corporate and personal liability for unpaid auction bills.
- 19) SMYTHE may reopen the bidding on a lot under the following circumstances: 1) SMYTHE has failed to execute correctly a mail bid. 2) A party purchasing the lot on the floor has done so in error. 3) Where a protest is made after the hammer has fallen but before bidding has commenced on the next lot. 4) Where the auctioneer has determined that he has overlooked a party still bidding on the lot but before the calling of the next lot. 5) At the discretion of the auctioneer.
- 20) In the event of dispute, the auctioneer's decision is final.
- 21) New York State sales taxes or other state sales or use taxes shall be levied, as required by law. Dealers and other non residents are reminded that sales tax must be collected unless Form ST-128.1 has been filed properly, under regulations effective 1 December 1982.
- 22) No price adjustments will be made on the hammer price of a lot whether there is a complaint about the whole lot or only one item in it. The entire lot must be returned if a refund is to be made.
- 23) In the event of unsuccessful litigation the plaintiff shall pay SMYTHE'S legal costs, counsel and witness fees and all other costs incurred by it in defense against such suit together with interest on any funds expended at the New York prime rate from the date of actual disbursement.
- 24) The same protections applicable to SMYTHE apply to each and every one of their officers and employees unless they shall be convicted of knowingly selling false or stolen goods.
- 25) SMYTHE assumes no liability for merchandise lost, stolen or damaged while in the possession of a party to whom merchandise has been shipped. The purchaser is solely responsible for the safe keeping and insurance of any items in their possession.
- 26) All accounts are payable to SMYTHE in U.S. funds and remittances must cover the service charges for foreign drafts which shall be added to each invoice.
- 27) **All material in this catalogue is unconditionally guaranteed to be genuine.**
- 28) No lots may be returned by floor bidders except for non-authenticity.
- 29) Mail bidders may return lots for reasons of non-authenticity or improper description within 5 days of receipt or thirty days from the auction's last day, whichever comes first. Failure to execute this privilege in a timely manner either from a failure to pay promptly or from any other cause shall void it.
- 30) In cases where a question has arisen as to the authenticity of an item, the purchaser must, before settlement day (30 days after the sale,) notify SMYTHE of his intention to return the item, confirmed in writing. The item will be examined by a recognized expert; if the item proves authentic, the sale will be consummated. If the item is not authentic, the sale price will be refunded.
- 31) The auctioneer reserves the right to postpone the sale by auction for a reasonable period of time as a result of any significant event which, in the sole discretion of the auctioneer, makes it advisable to postpone the event. No prospective bidder or prospective buyer shall have recourse as a result of any postponement.
- 32) The placing of a bid shall constitute **full acceptance of the foregoing terms and conditions of sale.**

Estimates

We have placed an estimate on almost every lot in this sale, expressed either as a range (for example \$1000-\$1500) or with a lower price estimate (for example \$500-Up). Where the price range is narrow, we have based it on prices the item may have brought in recent previous auctions or in private transactions. If the range is wide, the item may be new to us, the value of the item may be subject to many unknown factors, or the market may be changing constantly. In all cases we have used our best professional opinion as to what we feel the lot may realize. These estimates represent our conservative opinion as to what we feel a lot may realize, and we believe that most lots in this sale will bring within the estimate ranges or over the low estimates. Market conditions beyond our knowledge may cause some lots to sell for under the low estimates, or more than the high estimates.

Reserves

Where non-published reserves exist, the auctioneer may make bids in response to others. Consignors are NOT PERMITTED to bid on their own lots from the floor. R.M. Smythe & Co., Inc. has advanced money (where requested) to consignors. R.M. Smythe & Co., Inc. reserves the right to include our own material in this auction as well as to bid on any item in this sale.

Signed as Treasurer of Loans by Francis Hopkinson, a signer of the Declaration of Independence, designer of Continental currency, song writer, etc. Most of these documents signed by Hopkinson have been going for over \$400 so this will be a bargain.

This group consists of three and a half **MD** notes 1770 or 1774, **G-VG**. Split and repaired. Also **PA**, small bills, 1772 (3), 1773, red, **VF** (2), 1775, **Fine** (2), 1777, **4 Pence**, **VG-Fine**.

1010 MA. May 31, 1710. 20 Shillings. No.1271. Counterfeit. Split into quarters and rejoined. A nice red and black note. **(\$1500-2500)**

Two Rare New Hampshire Merchant's Notes

- 1013 NH. Merchant's Note of December 25, 1734. 7 Shillings. No.3674. EF, a light vertical center fold, mounted on a piece of scrap book paper. (\$3000-6000)**

By 1734, the note issues of the New England Colonies in general and New Hampshire in particular had become seriously redundant, but inflation seemed the only way in which to promote economic activity. The New Hampshire merchants united to issue their own notes in opposition to those being put about by Rhode Island, in the hope that they would be viewed as more sound. Better value or not, their issue was prohibited by the authorities and very few notes were actually circulated.

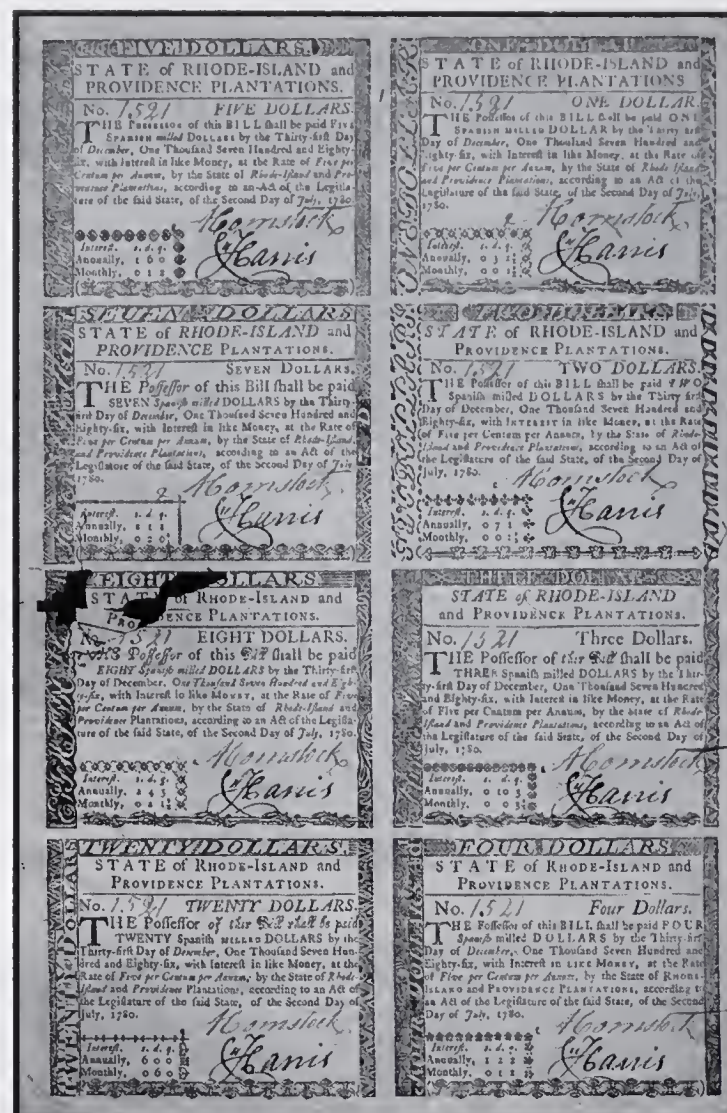

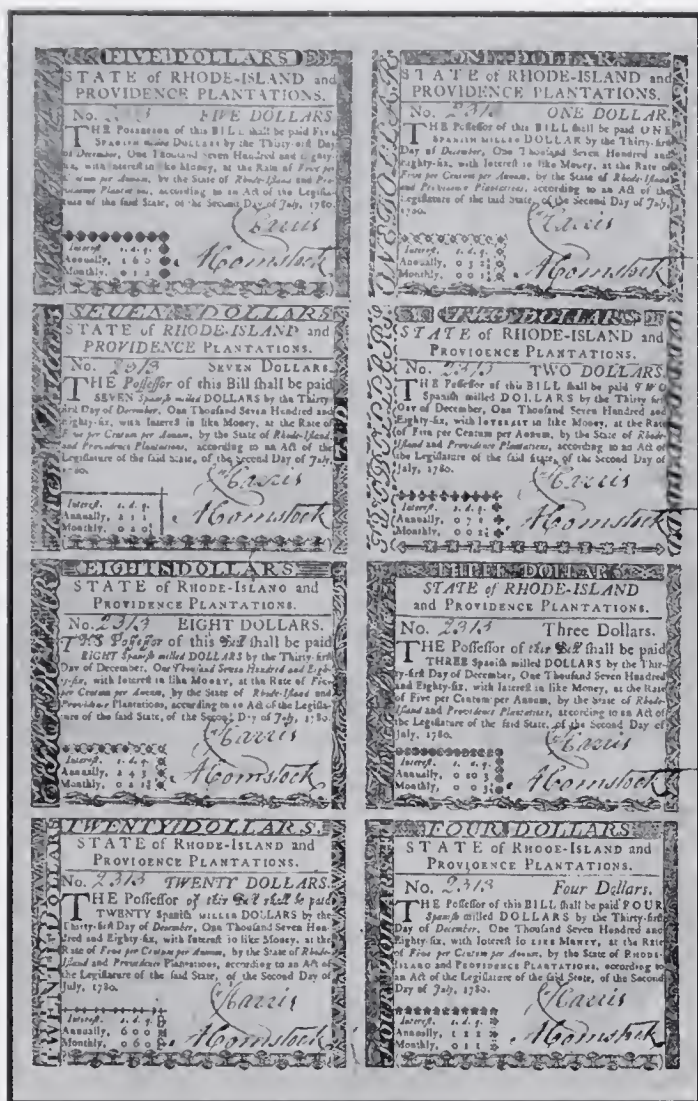

- 1014 NH. Merchant's Note of December 25, 1734. 10 Shillings. No.2274. VF or so, quarter fold edge splitting, back stains, scattered foxing spots on the face. (\$5000-10,000)**

Much rarer than the 7 Shillings notes of which we have seen ten as opposed to this one 10 shillings note. A chance to get one of the key New Hampshire Notes.

- 1015 RI. April 3, 1742/1743. 20 Shillings. No.572? Counterfeit. VG-Fine, split in half across the center, strip repaired on the back, split vertically, mounted on brown paper with paper strip mounting remnants. There is soiling at the bottom. (\$1250-2500)**

1016 RI. July 2, 1780. Half Sheet or Pane of Guaranteed by the United States Notes. \$5-\$7-\$8-\$20/\$1-\$2-\$3-\$4. No.2313. **Unc**, top edge chinks, edge wrinkling.
(\$500-800)

Signed by Harris and Comstock; not endorsed on the back.

1017 RI. Guaranteed by the United States. July 2, 1780. Half Sheet or Pane. \$5-\$7-\$8-\$20/\$1-\$2-\$3-\$4. Nominally **Unc**, \$8 note top left with serious paper deterioration and with large body holes. There is also a piece off the lower right corner outside the border.

(\$350-650)

Seven notes are **Unc**. No.1591, signed by Comstock and Harris, not endorsed on the back.

Signed by B. Dandridge, (Washington's brother-in-law) Norvell and Robert Carter Nicholas, Assembly Speaker, Colonial Treasurer, and the key figure in the note reissue scandal which by putting funds at the disposal of the tobacco growers, saved many from bankruptcy. Signed by H. Randolph, Ed. Archer and H. Cocks.

1058 Fascinating Item, A Possible Essai Note.
(\$500-1000)

\$5. Engraving of the basic April 6, 1863 note plate, without a printer's name. The workmanship is similar to the originals but lacks resolution and is on thick cardboard not used for any notes. It has an 1864 red tint clear across the face on a note with the April date. Moreover, the numbers and signatures appear on close examination to be printed. Since no 1863 note was emitted with the red tint, what is this? It could be an elaborate hoax. It could also be a trial of the new red face tint on a crudely run off and worn lithograph base master plate of 1863 to see what the tint would look like.

The note is **EF** or so, but is covered with what looks like finger oil stains with other soiling. Moreover, there is a tear in the right edge. A very curious item.

In view of these facts, **Sold as is, no returns.**

1059 A Melange of 1864 Notes. [13] (\$950-1900)

(\$175-350)

1) **\$500.** T-64. Cr.489. **VF** or so, a right edge tear. 2) **\$500** fake. No.6848. Glued to a sheet of paper saying that the owner got it from Governor Brown of Georgia, who also gave him the genuine note preceding. **Abt VF**, a long split up from the bottom. 3) **\$100.** T-40. **VF** or so, issued out of Wilmington, NC.

1068 Jackson's Brigade Commissary (William H. Fribley? A.C.S.). 50 cents. June 14, 1862. Blue on white paper. VG, a couple of body holes at the left and a top edge nick. (\$500-1000)

This note was part of an Arkansas lot in the Western Reserve Sale at Christie's. Since it is not listed in the Arkansas book or the Sutler book, it is an interesting question as to where it came from.

State Bonds

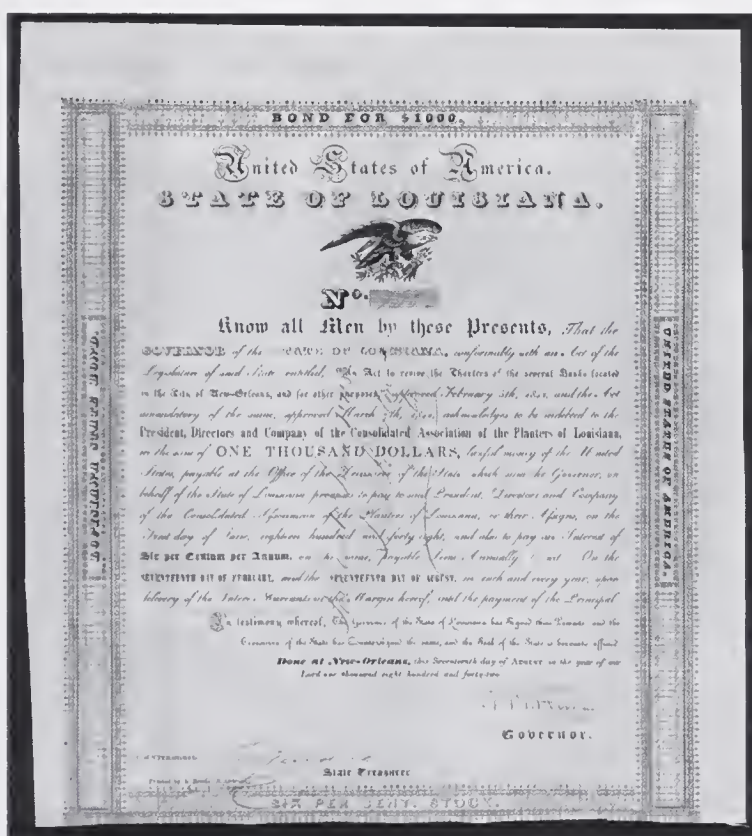

1093 Arkansas. April 1, 1870. For the benefit of the Little Rock and Fort Smith Railroad. 7% 30 year green coupon bonds by ABN. **VF.** **(\$150-300)**

These bonds were the subject of a correspondence between James G. Blaine, the Republican Speaker of the House and candidate for President in 1884, and a Mr. Fisher. The Fisher letter became part of the Mulligan papers, which turned up in 1884. Among the incriminating documents was a letter which ended "Kindest regards to Mrs. Fisher, burn this letter".

Material of this sort did great damage to Blaine's campaign.

1094 Louisiana State Bond Group. [2] (\$100-200)

1096 Louisiana. State Bond. \$1000. August 17, 1842. **VF.** **(\$150-300)**

Should be Cr.42A. Issued for the benefit of the President, Directors and Company of the Consolidated Association of the Planters of Louisiana. The state had given the Association (which was a bank) bonds, which were sold, and the proceeds lent to the planters. However, when the bonds fell due, the bank was embarrassed, as were the planters, and could not pay, so the debts had to be rolled over. Note that the bond is signed by Governor Roman, who ran through the new banking law requiring the banks to keep a 33% reserve behind their demand liabilities.

1097 Louisiana. State Baby Bonds of 1880. \$5. Cr.80A. Unc. [28] (\$115-230)

These small, attractive bonds with a girl's head on them (hence the name "Baby" bonds) were issued in sheets of four, as here, so that one is actually buying 112 bonds.

1098 Assorted Southern State Bonds. [3] (\$100-200)

1-2) **LA.** July 6, 1892. **\$100, \$500.** Cr.92B, 92E. **VF,** all coupons clipped off. 3) **SC.** April 1, 1871. Cr.71A. Sterling 100 Pounds issue. **F-VF,** cut cancelled.

1099 Louisiana State Bonds. [2] (\$125-250)

1) Louisiana Certificate of Claim. Act of February 12, 1866. 1876 conversion of a \$1000 bond. **VF.** 2) **\$1000.** April 20, 1871. Cr.71A. **VF.** Signed by Governor Henry Clay Warmouth, who had the constitution changed so that he could become governor before he was 30 and who saved \$250,000 in four years on a \$4,000 a year salary. He subsequently switched to the Democratic Party, perhaps to avoid prosecution for bribery.

1100 Mississippi State Pre-War Bonds. [3] (\$750-1500)

1) **\$1000.** D. Cr.31C. Cracked seal, fold splits, roughly handled top edge. 2) **\$1000.** E. Cr.33A. Domestic and foreign payment bonds attached to one another. Some edge fraying. 3) **\$2000.** Due 1858. Cr.38A. Some fold splits and stains. These bonds were issued to raise funds for the Planters and Union Banks in the 1830's. However, the banks failed in the early 1840's, and the bonds were repudiated. Just recently the State Supreme Court ruled that the statute of limitations had expired and the bonds were therefore worthless. The bonds do not therefore have any fiduciary value and are worth only what a collector is willing to pay for them.

1113 VA. Commonwealth. \$50. Act of March 25, 1842, entitled "An Act Authorizing A Loan to the James River and Kanawha Company". Dated 1856. **Abt VF**, ink spots, trimmed lower right corner. (\$300-600)

First we have seen or heard of. To judge by the number of this certificate, (562) the total amount of this loan and the number of outstanding certificates must be small indeed. Virginia is only responsible for 2/3rds of the debt per an act passed in 1871; West Virginia's portion of the debt was finally assumed by Federal Court order in 1909 and the statute of limitations expired in 1939.

The reason that this lot and so many of those which follow are for notes \$5 and under was because the banks deliberately preferred small bills that would not come back. Congress banned this practice in 1854, hence the shortage of small notes after that date.

- 1159 Corporation of Georgetown. \$5. A. 1850's. RWHE. **Proof** on india paper only. VF, wrinkled, a small body hole at the right. The slash cancellations at the bottom are strip repaired upon the back. **(\$150-300)**

Georgetown, a town in commercial decay, was in constant financial trouble before 1861 and was constantly having to issue notes and bonds to cover expenses. These notes could be funded into bonds.

- 1162 Corporation of Georgetown. \$6. A. **Proof** on card. RWHE. **Unc.** **(\$300-600)**

Evidently, to judge by the Alexandria Corporation notes in similar odd denominations, there was a perceived demand for such bills and they were ordered and issued accordingly. Since the DC banks were supposedly in liquidation and issued only small notes, the need for such notes is not readily apparent.

- 1160 Corporation of Georgetown. \$5. B. 1859. RWHE-ABN monogram. VG, purple staining along the right top edge. **(\$175-350)**

- 1163 Georgetown. Issues of Francis Dodge in the 1840's. [3] **(\$500-1000)**

1-3) \$5, \$10, \$50. Brown on white, 184-. Tanner, Kearny & Tiebout. **EF, plus**, a fold well left of center, suggesting that the notes may have been part of a sheet when folded.

Dodge (1782-1850) came to Georgetown in 1798 and became a prominent merchant and ship owner. He was a friend of W.W. Corcoran Sr., father of the famous banker. Dodge owned 1611 shares in the Farmers and Mechanics Bank of Georgetown, held the Presidency of the Central Bank, (1818-1827) and was a director of the Union Bank. He opened his own bank in the 1840's, held the US deposits for the customs house in Georgetown, (a building which still stands) suffered a run in 1844-5. He survived and died respected and solvent in 1850. His bank was sold to Corcoran and Riggs, an antecedent firm to the Riggs National Bank.

These notes are an anomaly. The printing firm of Tanner, Kearny and Tiebout were active 1815-1825 and then disappeared. These notes were doubtless prepared for use during the 1840's bank run. Some other firm must have changed the date, which in turn suggests that there may be or were notes issued from 1815-1825. **Very Rare.** Probably part of perhaps two or three cut up sheets of four notes each.

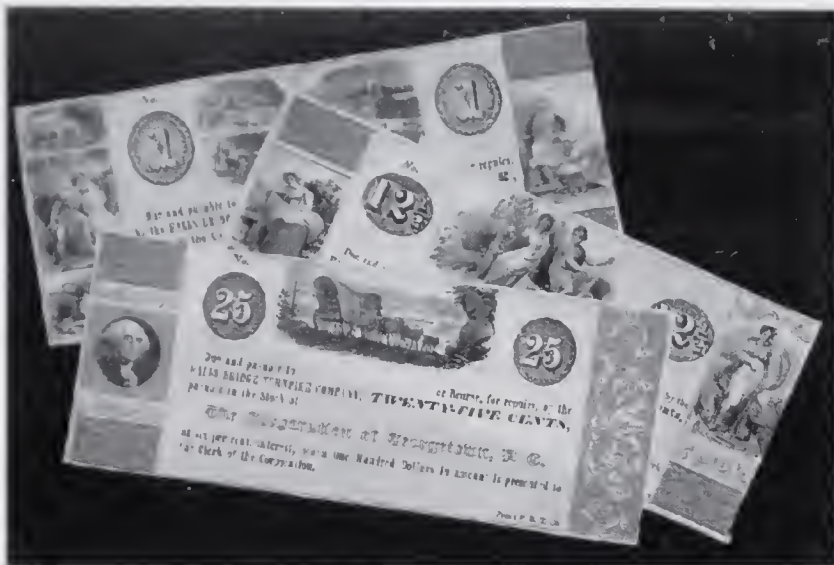

- 1161 Corporation of Georgetown. \$5. B. 1860. ABN. VG, side thin spots where mounted and substantial back soiling. **(\$150-300)**

Evidently two orders were placed between the time the first notes were ordered and this was issued, to judge by the progression of imprints from RWHE to RWHE-ABN and then ABN alone.

1-4) 12 1/2, 25, 50 cents, \$1. 1837-1841 era notes. All remainders. **Unc**, with handling traces.

Note that these notes are a backhanded issue of the Corporation of Georgetown because the person receiving them from FBT Co could get payment in the form of Corporation \$100 bonds bearing 6% interest. Since Georgetown at the time had sunk all its cash into the unsuccessful Chesapeake & Ohio Canal and had to be bailed out by Congress, the value of these notes and the bonds into which they were fundable was doubtful to say the least.

1165 Georgetown. Farmers Bank Note Group. [3] (\$150-300)

1-3) \$1. B. \$2. A. \$5. A. **VG-Fine**. All somewhat soiled. **Still Scarce** notes of the liquidation era.

1-3) \$10, \$50, \$100. (DC-385, G-46, 50, 52). First on india paper only, the others are on card. AU, wrinkled; **Unc.** These are all trustee notes.

The Bank of Washington was among the city's oldest banks and fell under the control of the Miner's Union in the 1930's. When the Union ran into trouble, it sold control of the bank to others, only to watch them run it into the ground and bankruptcy within three years.

District Scrip Notes

- 1269** Washington. Wright & Co., per the Bullion Bank. [4] (\$200-400)

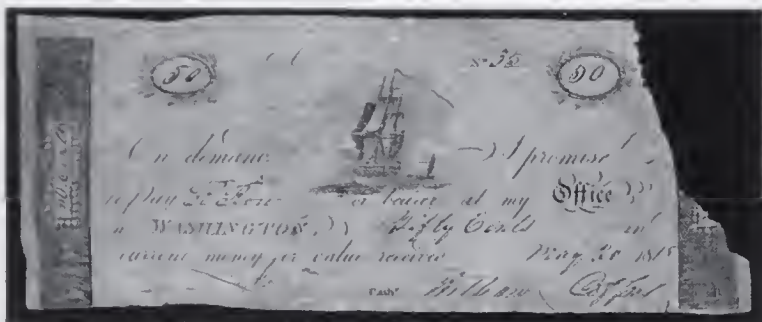

1-4) Wright & Co., exchange brokers. 5, 10, 25, 50 cents. December 2, 1862. VF or Abt VF, stained at the center, with pin holes at the left. Doubtless few of these notes were ever actually issued as the Bullion Bank failed at the end of 1862.

Please note that a 10% buyer's premium will be added to each lot purchased.

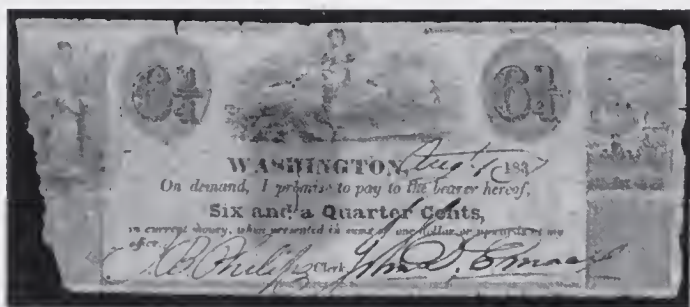

- 1270 Washington. I.D. Callan, Coin Note Scrip. [3] (\$400-800)

- 1272 Washington. John D. Smaell. 6 1/4 cents. 1837. Stock note. Fair, bottom left border missing a piece, a body tear at the center. (\$150-300)

- 1273 Washington. Marc Dubant Notes. [2] (\$500-1000)

- 1275 Washington. Ollis & Fox (?). 1839. 10, 25, 50 cents. Morris. Unc, AU, EF. [3] (\$300-600)

There is some doubt as to whether this was a DC or an NC note; Mr. Edlow thought it was DC; based on the use of a Philadelphia scrip stock note sheet this makes sense.

- 1276 Washington. Richard Mockbee. 10 cents. 1830's? Fine, taped top and bottom edge splits; a stain between them. (\$200-400)

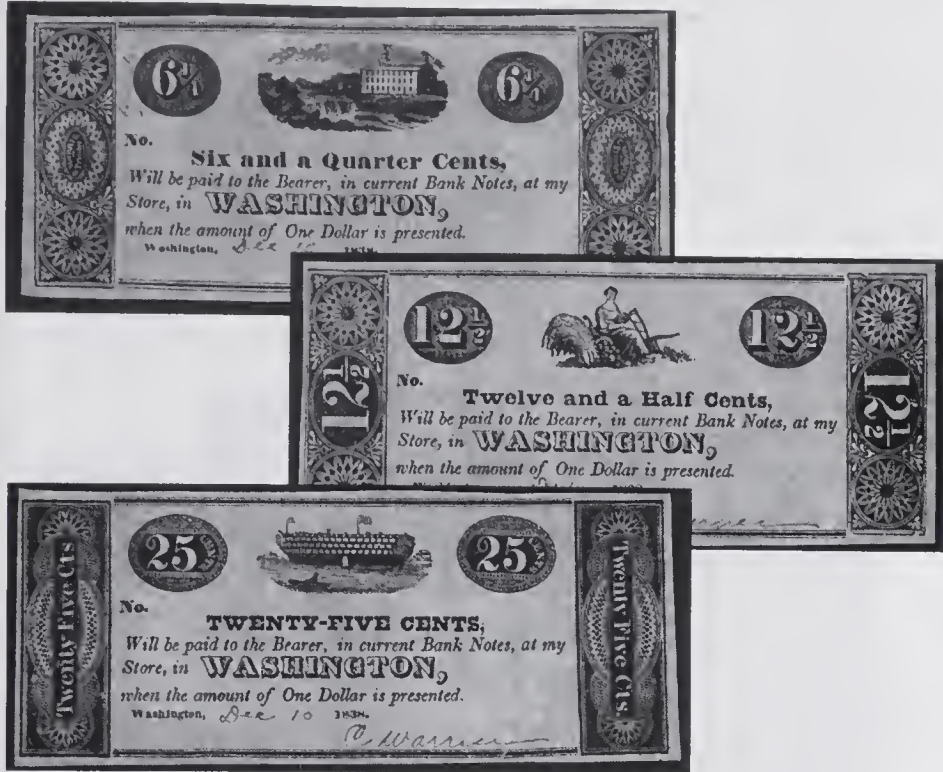

- 1277 Washington. J.A. Patcliff. 12 1/2 cents. July 1837. VG-Fine, soiled, a taped lower left corner. (\$200-400)

- 1279 Washington. J. Washington. \$1. 1841. Lith. E. Weber & Co., Baltimore. "Main Street". VG, a series of small holes on all sides of the note. (\$175-350)

Whether this Washington is the District one or another is questionable because we have never heard of a "Main Street" in the District.

- 1280 Washington. Unknown Scrip Issuer. \$1. 1819 era. U. Fine. (\$175-350)

Prepared during the brief Confederate occupation of the the Kentucky capitol. The invasion lasted for only parts or all of three months. Note the counter stamp for a counter signed signature. Note also the payment terms in Confederate Money.

1313 Hopkinsonville. Unlisted. C.I. Severton QM. \$2.50. February 1, 1862. VG, long splits in the bottom and horizontally. There is also a piece out of the top right corner. (\$350-700)
The big question with this note is: is it Union or Confederate? The answer, after a lot of rescarch, is that it is Confederate. A small force of a thousand Confederates were at Hopkinsonville, where they were busy procuring badly needed supplies (particularly food) needed for General Albert S. Johnson's force of which they were a part. On February 1, Grant commenced his offensive and on February 2nd, the Confederates left Hopkinsonville.
Note that Confederate money had not yet penetrated the area, and the note is payable only in current funds. Note also the town name, which is not correctly spelled at the top.

2001 \$1. Fr.16. 1862. No.40974, Series 259. **Choice Uncirculated.** A particularly nice bright note with good margins. Very close to gem. **(\$1,200-1,600)**

2002 \$1. Fr.16. 1862. No.1475, Series 280. **EF-AU**, due to some light handling and rounded corners, plus some scattered central pinholes. Crisp, with decent margins and a nice appearance. **(\$450-600)**

2003 \$1. Fr.17a. 1862. No.28453, Series 6. **F-VF**. Evenly worn, with a few very trivial (1mm) edge nicks typical of the grade. Looks a full grade better. **(\$225-325)**

*Please note that a 10% buyer's premium
will be added to each lot purchased.*

2004 \$1. Fr.18. 1869. No.V2863876. **Choice Uncirculated**, or close to it. While the margins are not quite as full as one might like, the color is excellent. **(\$1,000-1,300)**

2007 \$1. Fr.26. 1875. No.K4467805. Choice Uncirculated. A gem but for the slightly toned bottom right margin. Bright paper and vivid ink.

Solid Number \$1 Legal

2012 \$1. Fr.39. 1917. No.N888888A. Gem Uncirculated. A superb, fresh note, with a great serial number. Solid numbers are almost as rare as number 1 notes, and actively sought after. This one is as nice as you're ever likely to find.

(\$900-1,200)

2013 \$1. Fr.39. 1917. No.T44259954A. VF+, but tight at the top and bottom; **\$1. Fr.729. 1918. No.G63054224A. VF-EF,** but the bottom edge very slightly rough in spots. [2]

(\$1,000-1,250)

- 2023 \$5. Fr.73. 1880. No.A1545029. **Choice Uncirculated**. A gem but for the tight bottom right margin. Superb deep original embossing.
(\$1,000-1,500)

- 2018 \$2. Fr.52. 1880. No.Z19536286. **Choice Uncirculated**, a gem if the margins were just a bit better. Bright, clean and crisp.
(\$650-800)

- 2024 \$5. Fr.74. 1880. No.A7034284. **Choice Uncirculated**. very tight at the bottom right, a minor flaw more than offset by the great color and incredibly deep and sharp original embossing. A nice original note for a top collection.
(\$1,000-1,250)

- 2019 \$2. Fr.60. 1917. No.D47329640A. **Choice Uncirculated**. Bright and original, but the top margin doesn't allow a higher grade.
(\$175-250)

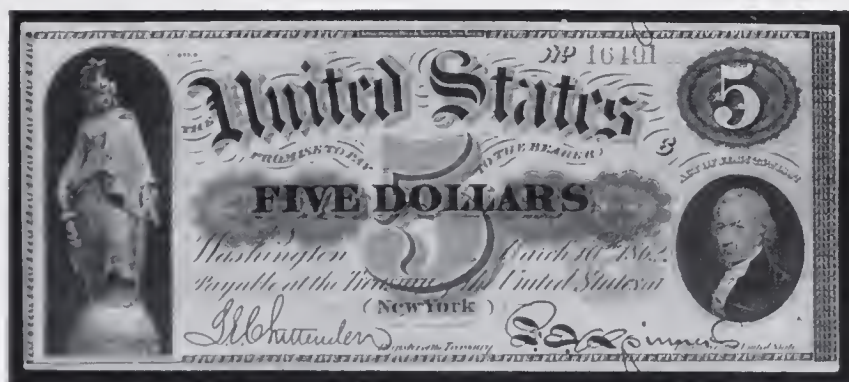

- 2025 \$5. Fr.88. 1907. No.H5310765. F-VF. (\$70-90)

- 2020 \$2. Fr.60. 1917. No.D69994178A. **Choice Uncirculated**. As bright and fresh as the last, but the bottom margin is trimmed right to the design.

- 2021 \$2. Fr.60. 1917. No.D15597243A. **Choice Uncirculated**. Tight at the top right and bottom left, with a tiny bit of teller crinkling at the right. Otherwise very nice.
(\$175-225)

- 2027 \$5. Fr.91. 1907. No.K85381284. EF. Tight at the top, with a couple of soft folds, but looks Uncirculated.
(\$100-150)

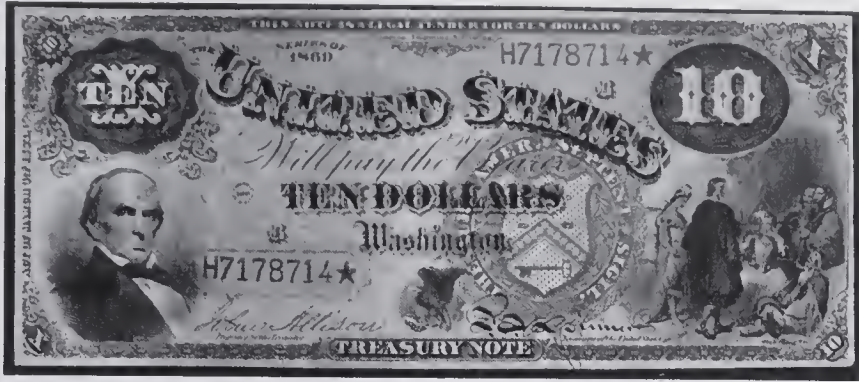

- 2022 \$5. Fr.61a. 1862. No.16491, Series 32. **Choice Uncirculated**, or very close to it. The margins are tight at the ends, and the seal is a bit light, but crisp and original.
(\$1,000-1,400)

- 2028 \$5. Fr.92. 1907. No.M48300178. **Choice Uncirculated**, gem but for the tight top margin. Another note from the Amon Carter Collection.
(\$250-300)

Please note that a 10% buyer's premium will be added to each lot purchased.

2029 \$10. Fr.96. 1869. No.H7178714. Choice Uncirculated. Tightly trimmed at the ends, with a tiny (1mm) corner tip off, colors on this note are bright and vivid, and after all, that's what makes the "Rainbow" issue so attractive. **(\$2,250-2,750)**

This example traces its pedigree back to New Netherlands' sale of the Willis O. Crosswhite collection, April 24, 1954, lot 141.

2030 \$10. Fr.108. 1880. No.A10295878. Choice EF. A stunning note that is hard to tell from a Choice Unc., but with effort a couple of very faint vertical folds can be detected. Fully crisp, with good margins and bright color. **(\$800-1,100)**

2031 \$10. Fr.115. 1901. No.A6506368. EF or so, but washed, the "X" and seal now light. Nicely centered and undamaged. **(\$500-750)**

2032 \$10. Fr.120. 1901. No.E15292641. Fine, but washed, the overprint light. Excellent margins, with no damage. **(\$350-425)**

2033 \$10. Fr.121. 1901. No.E23511586. Choice Uncirculated. Close at the bottom right, but otherwise gem, with bright clean paper, good embossing and the bold vivid color seen only on nice original notes. **(\$2,000-2,500)**

2034 \$10. Fr.122. 1901. No.E60164082. Choice Uncirculated, virtually gem, with great color. A superb example of one of the most popular 20th Century type notes. **(\$2,500-3,500)**

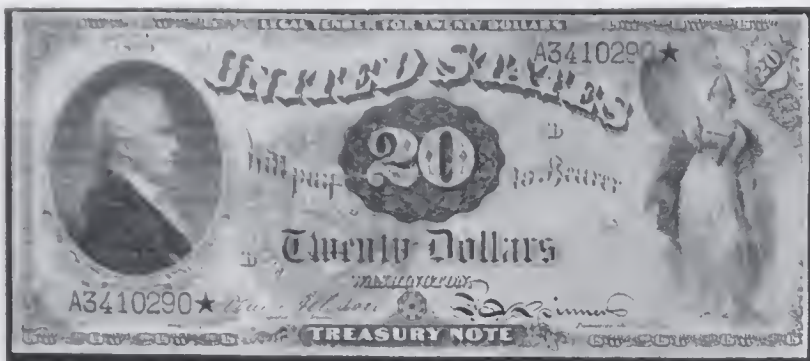

2035 \$10. Fr.122. 1901. No.E42463222. VF. Tight across the top, but clean and undamaged. **(\$550-700)**

2036 \$10. Fr.122. 1901. No.E49872490. VF, but has been wet, and there are a few closed pinholes. The paper is a bit toned, but the overprint is exceptionally bright. **(\$500-650)**

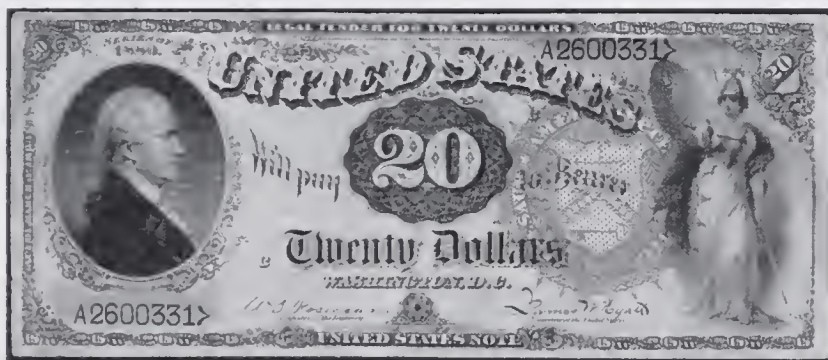

2037 \$10. Fr.122. 1901. No.E58166107. F-VF. Nicely centered, with no pinholes, splits or other problems. **(\$450-550)**

2038 \$10. Fr.122. 1901. No.E30625063. Fine. Another nice note with honest wear and no defects. **(\$375-450)**

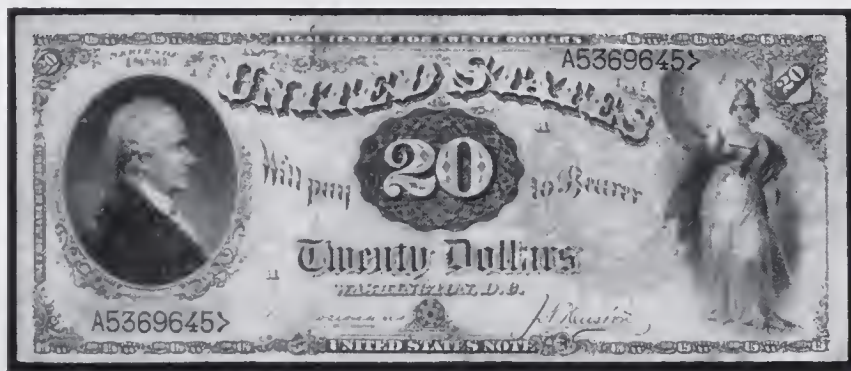

2039 \$20. Fr.127. 1869. No.A3410290. **Fine.** tight at the top and sides, with a number of very tiny pinholes, but nice looking for the grade, with good color.
 (\$1,000-1,250)

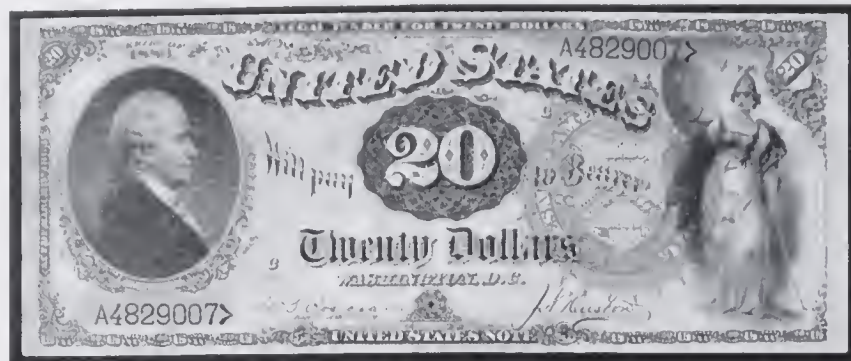

2040 \$20. Fr.135. 1880. No.A1328059. **VG+.** The centering is slightly skewed, but it's evenly worn, with no damage. One of the scarcer varieties, with no consecutive runs yet observed, and very few top grade examples known.
 (\$300-400)

2041 \$20. Fr.136. 1880. No.A2600331. **Fine.** Somewhat toned, with pinholes scattered around the center. From the famous "Oat Bin Hoard."
 (\$400-500)

2042 \$20. Fr.137. 1880. No.A5369645. **F-VF,** with a few central pinholes. A solid example with good margins and no damage.
 (\$650-800)

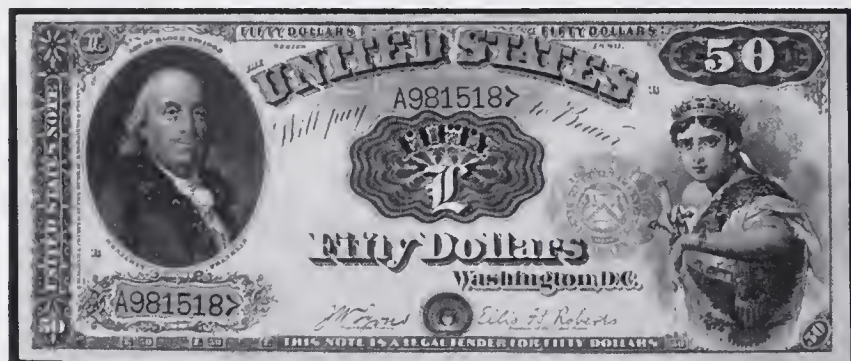

2043 \$20. Fr.137. 1880. No.A4829007. **Fine,** with a bit of minor discoloration at the left edge. Otherwise very attractive, with good margins.
 (\$500-650)

2044 \$20. Fr.138. 1880. No.A6215780. **Fine,** with a few pinholes. The top margin is tight, but bottom quite broad, not unusual for notes from the bottom of a sheet.
 (\$400-500)

2045 \$20. Fr.142. 1880. No.A10915896. **VG-F,** with a few pinholes, and soiling typical of the grade.
 (\$200-250)

2046 \$20. Fr.145. 1880. No.D96169. **Fine,** and clean for the grade, with decent margins.
 (\$250-300)

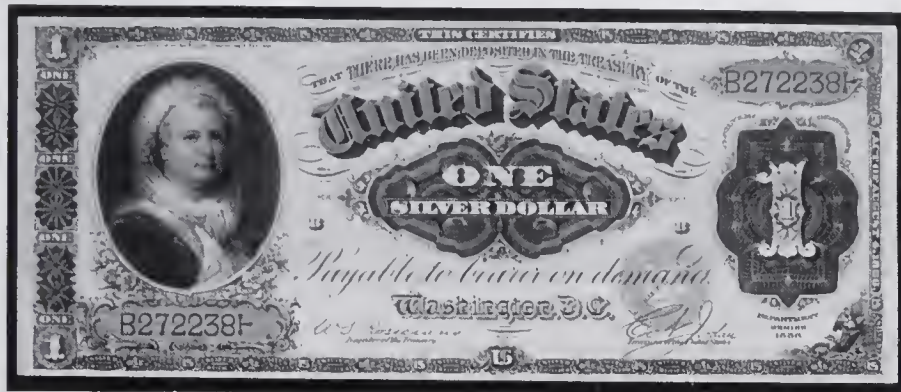

2047 \$20. Fr.147. 1880. No.A2783511A. **Fine** or even a trifle better. A bit close at the top right, but no pinholes or other problems.
 (\$200-300)

2048 \$50. Fr.164. 1880. No.A981518. **Choice EF.** A very attractive note, clean and bright, with good margins. Crisp, without a single defect we can find, and looks better than most notes a full grade higher. An excellent type note, as it is the most common variety of the type, though still quite hard to find this nice.
 (\$4,500-5,500)

Silver Certificates

- 2049 \$1. Fr.215. 1886. No.B272238. Gem Uncirculated.**
A virtually perfect note, with great margins and color and not even minor signs of counting or handling. A note with great eye appeal. **(\$1,750-2,250)**

- 2050 \$1. Fr.215. 1886. No.B1986617. Technically VF, but worth more, as it's a nice clean, bright, well centered example without a single problem. A particularly attractive circulated example. (\$300-400)**

- 2051 \$1. Fr.216. 1886. No.B17437788. F-VF, but lightly washed. Good margins, with no problems. (\$200-300)**

- 2052 \$1. Fr.220. 1886. No.B68095458. VF-EF, slightly close at the top right. A clean, problem-free example of one of the scarcer varieties of the type. (\$350-450)**

Please note that a 10% buyer's premium will be added to each lot purchased.

- 2053 \$1. Fr.224. 1896. CUT SHEET, Nos.1350341-44. A beautiful and totally original, unmolested sheet, with deep embossing. The first note is **Choice Uncirculated**, the others **Choice AU** due to corner folds. The state of the market unfortunately is such that finding nice original notes that have not been "processed" or "improved" has become extremely difficult, and originality itself now commands a premium! (\$4,000-6,000)**

- 2054 \$1. Fr.224. 1896. No.16460263. VF+, but looks better, with nearly perfect margins and no pinholes, splits or other defects. (\$400-500)**

- 2055 \$1. Fr.225. 1896. No.41852434. EF. A bright, nicely margined example that looks a full grade better at first glance. (\$500-600)**

Interesting Pair of Notes

2056 \$1. Fr.234. 1899. No.N3898289A; \$1. Fr.235. 1899. No.N3898287A. EF. A very interesting pair of notes that is almost a reverse changeover pair - unfortunately the middle note is missing. Both are bright, clean examples with just three vertical folds. (\$200-250)

Low Number \$1 Silver

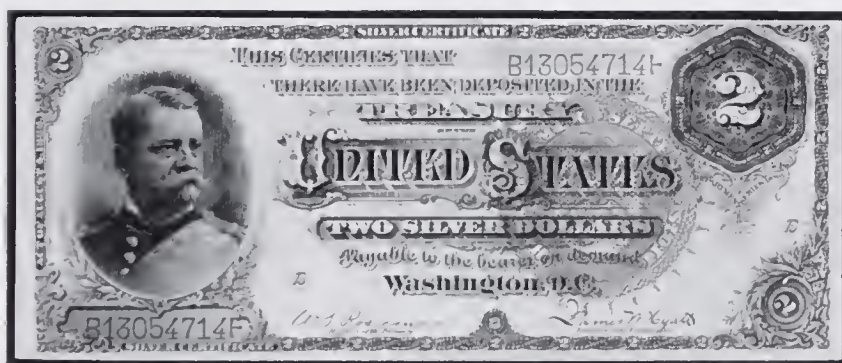

2057 \$1. Fr.237. 1923. Low No.H6B. Gem Uncirculated. Single digit serial number notes in the 1923 series are surprisingly hard to find, much more so than the 1899 Black Eagle notes. (\$750-1,000)

From William P. Donlon's May 22, 1971 sale of his own collection, lot 170.

2058 \$1. Fr.237*. 1923. No.*19794713D. Choice to Gem Uncirculated, with good embossing. Even this most common of all star notes has become very difficult to find in top condition. (\$200-300)

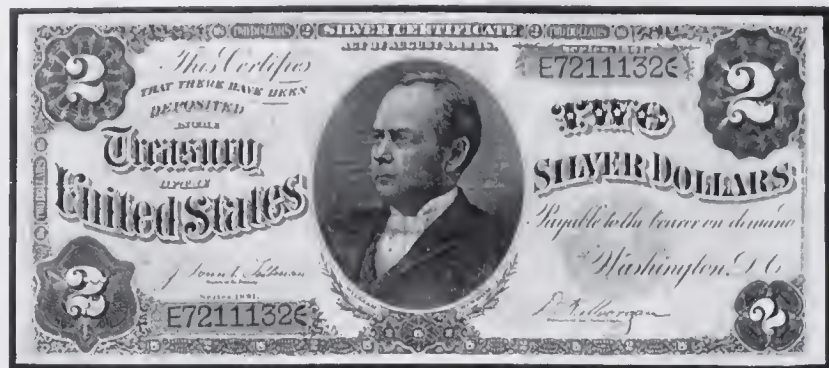

2059 \$1. Fr.237*. 1923. No.*17238164D. Choice to Gem Uncirculated. Another bright, clean example. (\$200-300)

2060 \$1. Fr.238*. 1923. No.*21897165D. Fine, with a couple of trivial short (3mm) edge splits. Far scarcer than the Fr.237 stars, which outnumber it by more than three to one. (\$125-175)

2061 \$2. Fr.242. 1886. No.B13054714. Choice Uncirculated. Close at the top right, but otherwise very nice. The most common of the 1886 \$2 varieties, and a good choice for a nice type set. (\$1,000-1,500)

2062 \$2. Fr.243. 1886. No.B15587059. EF or so, but trimmed slightly into the design at the bottom. Bright and crisp nonetheless. (\$700-900)

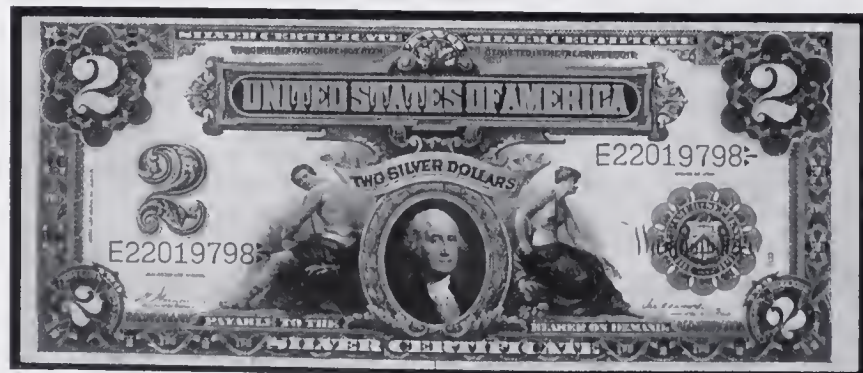

2063 \$2. Fr.246. 1891. No.E7211132. VF+, but lightly washed, the seal now quite faint. (\$500-700)

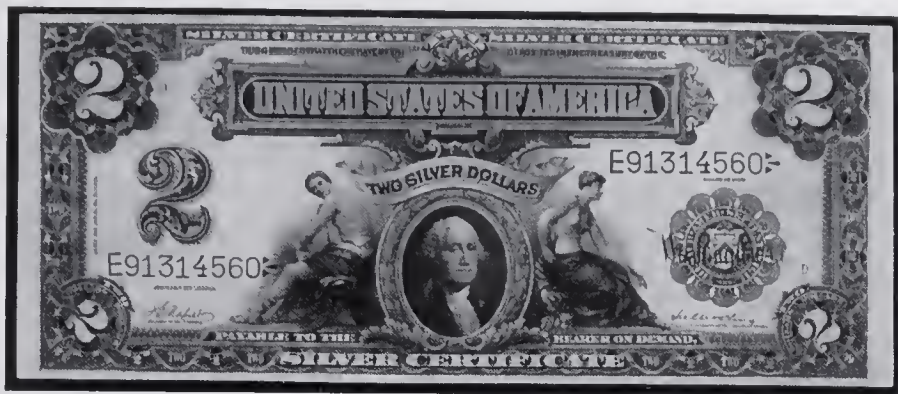

2064 \$2. Fr.247. 1896. No.5603319. VF-EF. A crisp, attractive note with virtually perfect margins. The right end has a faint counting smudge, and the back corners show small signs of mounting removal, but the overall look of this "Educational" \$2 is quite pleasing. (\$700-900)

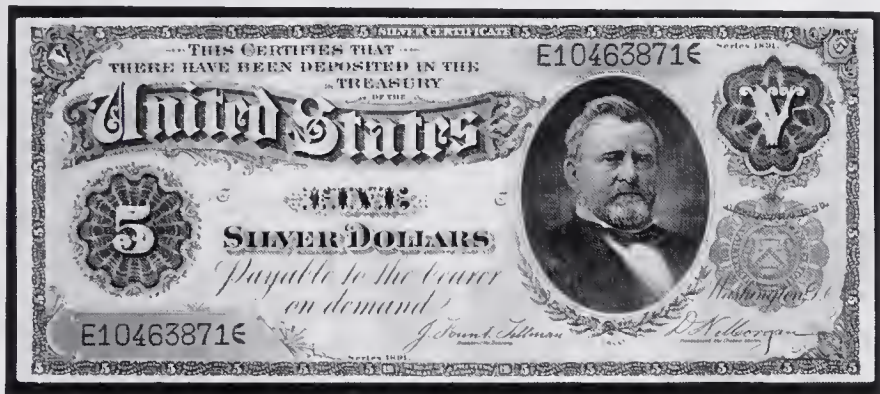

2065 \$2. Fr.248. 1896. No.14080336. Choice Uncirculated, with good margins and color on both sides. A pleasing example that traces its history back to numismatic book dealer Aaron Feldman and to Thomas F. Morris Jr., the son of one of the engravers of this beautiful design. (\$2,200-2,600)

2066 \$2. Fr.252. 1899. No.E22019798. Gem Uncirculated. Beautifully bright and clean, with a vivid overprint. (\$600-800)

2067 \$2. Fr.253. 1899. No.E91314560. **Choice to Gem Uncirculated.** Not quite as nice as the last, but close.
(\$550-700)

2068 \$5. Fr.267. 1891. No.E10463871. **VF.** A bright, clean note that looks a grade higher. Good margins, with no problems.
(\$700-900)

2069 \$5. Fr.269. 1896. No.18251718. **VG-F.** Looks a grade better, with excellent margins and no defects.
(\$450-600)

2070 \$5. Fr.269. 1896. No.23460805. **VG,** but with some light stains at the bottom, and some pinholes.
(\$400-500)

Superb \$5 Educational

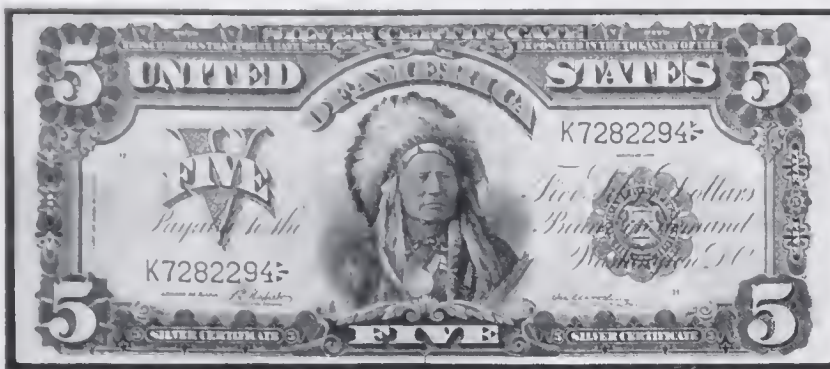

2071 \$5. Fr.270. 1896. No.32834760. **Gem Uncirculated.** An extraordinary note with three very broad margins (the fourth, while full, looks narrow in comparison). The strong black printing and bright paper and overprint make this stunning example of this popular design.
(\$7,500-10,000)

2072 \$5. Fr.273. 1899. No.D79282607. **EF-AU.** Crisp, but the paper is just slightly toned. Looks Uncirculated, but has one obvious center fold.
(\$650-850)

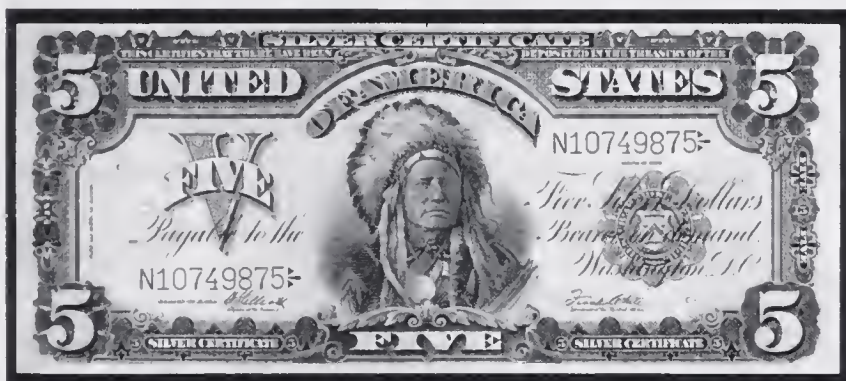

2073 \$5. Fr.275. 1899. No.K7282293. **EF-AU.** Basically a Gem Uncirculated note that was softly folded a few times and carried for a short time before being saved. The ink and paper are beautifully bright, and the note so original the embossing is deep and sharp. Overall as nice a circulated note as you could want.
(\$900-1,200)

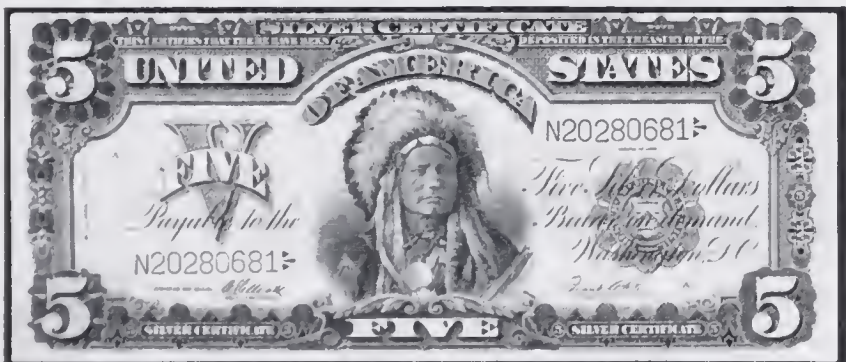

- 2074 \$5. Fr.275. 1899. No.K7282294. EF-AU. Another superb note, consecutive to the last and also a superb unmolested example of this scarcer signature combination. (\$900-1,200)

- 2075 \$5. Fr.279. 1899. No.M96498760. VF. A bit close at the bottom, but evenly worn, without a single defect. (\$550-650)

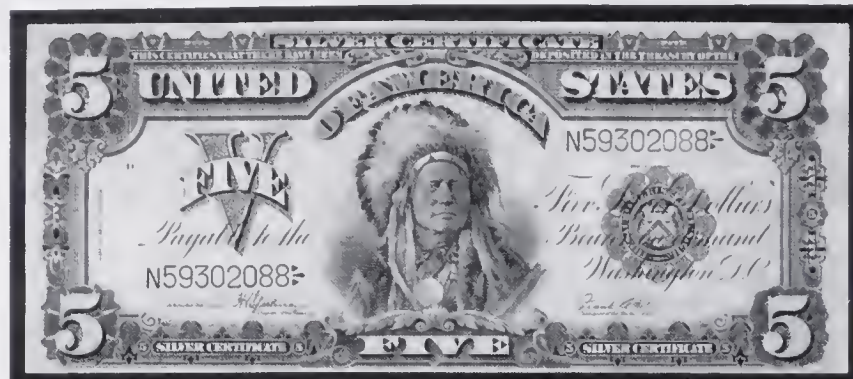

- 2076 \$5. Fr.280. 1899. No.N10749875. Choice Uncirculated, very close to gem. A bright, well margined note, with just a faint soft counting pinch at the left. (\$1,500-1,900)

- 2077 \$5. Fr.280. 1899. No.N20280681. It's a shame, but we have to grade this beautiful note Choice EF, due to a couple of faint folds. A shame because it looks far better than most Uncirculated notes we've handled! (\$700-900)

- 2078 \$5. Fr.280. 1899. No.N21330483. VF or better in terms of grade, but with a tiny bit of pen graffiti at the lower right. In addition, a few staple holes at the left were at one point a bit rusty, and a largely successful attempt to remove the rust has left a small discolored area on the back. The face is very pleasing, and looks EF. (\$400-500)

- 2079 \$5. Fr.281. 1899. No.N59302088. Choice EF, with good margins. Bright and crisp, with just a slight smudge on the back at the lower left. A lightly circulated note that could slip very nicely into an Uncirculated collection and look at home. (\$600-900)

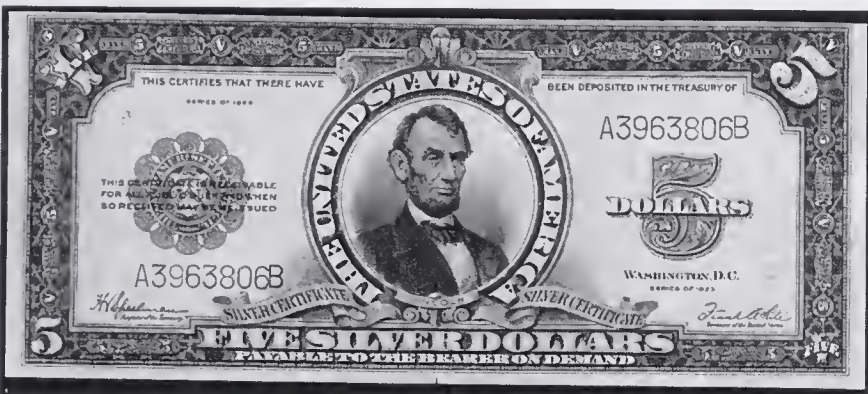

- 2080 \$5. Fr.281. 1899. No.N34569558. Choice EF. From an original run of Uncirculated notes, but this one was carried in a wallet for a short time. Very slightly toned, but still fully crisp. (\$600-800)

- 2081 \$5. Fr.281. 1899. No.N47630477. VF+. While technically "only" VF+, this lovely note looks Uncirculated on the face, with good margins and bold color. Certainly worth substantially more than the "sheet" VF price. (\$500-750)

- 2082 \$5. Fr.281.** 1899. No.N40017599. **VF+** in terms of wear, but with a short, well hidden split at the right side. A pleasing, attractive note that looks a grade higher. **(\$450-600)**

- 2083 \$5. Fr.282.** 1923. No.A3963806B. **Choice EF**, with a tight and slightly smudged top border, and a couple of pressed out folds. From a 1984 sale as Uncirculated, and certainly looks it on the face. **(\$700-900)**
- 2084 \$5. Fr.282.** 1923. No.A596324B. **VF+**. Clean, with decent margins and no defects. **(\$550-700)**

- 2085 \$10. Fr.298.** 1891. No.E2447839. **EF**. A trifle tight at the top right, and the seal is a bit light, but overall looks AU at first glance. **(\$900-1,200)**

- 2086 \$10. Fr.304.** 1908. No.D2428343. **VF**. A clean, attractive, problem-free example of the popular "Tombstone" note. **(\$650-800)**

- 2087 \$20. Fr.315.** 1886. No.B1196787. **VG+**. Well worn, but solid, with no damage. While three of the four "Diamond Back" varieties are about the same in rarity (the Fr.314 is much more common), the Fr.315 has by far the lowest average grade and the fewest high grade examples known. This one came from an auction early this year where it was graded as a full "Fine." **(\$1,750-2,250)**

- 2088 \$20. Fr.318.** 1891. No.E1632488. **Choice EF**. Bright and crisp, with incredibly good margins and bright color. Though there are over a hundred in the census, the majority are F-VF or below, very few grade higher than this, and fewer still are as attractive as this. **(\$2,500-3,000)**

Treasury / Coin Notes

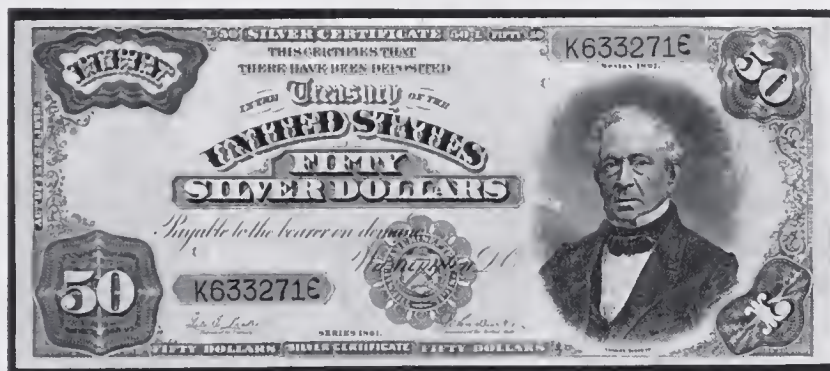

2089 \$20. Fr.318. 1891. No.E3354656. VF or so. Pressed, with one tiny pinhole, but excellent margins and a nice overall appearance. (\$1,250-1,750)

2090 \$20. Fr.321. 1891. No.H348029. F-VF, with good margins and no defects. A very attractive note that looks a grade better. (\$900-1,200)

Lovely \$50 Silver

2091 \$50. Fr.335. 1891. No.K633271. VF-EF. A clean, problem-free example with good margins. Looks much better than many technically higher grade notes, and would fit comfortably in a high grade collection. (\$3,000-4,000)

2092 \$1. Fr.347. 1890. No.A87905. Technically EF, though a better description might be Choice Uncirculated but for three vertical folds. Beautifully bright, crisp, and fresh. (\$1,100-1,400)

2093 \$1. Fr.349. 1890. No.A5098513. VF, with a few small pinholes. A solid note with good margins all around. (\$800-1,000)

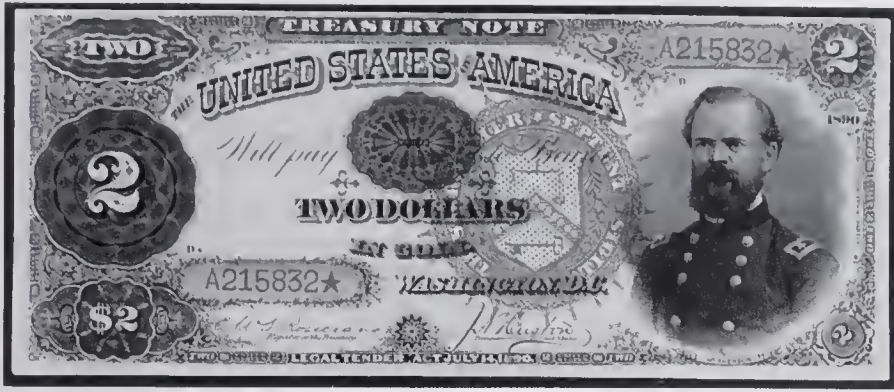

2094 \$1. Fr.351. 1891. No.B41327927. Choice Uncirculated. A bright crisp note, just a trifle close at the top right. (\$750-900)

2095 \$1. Fr.352. 1891. No.B50820799. Choice to Gem Uncirculated. A beautiful note kept from Gem by a short entirely natural paper crinkle near the bottom, barely noticeable. (\$800-1,200)

(\$2,500-3,500)

Superb 1891 \$2 Treasury Note

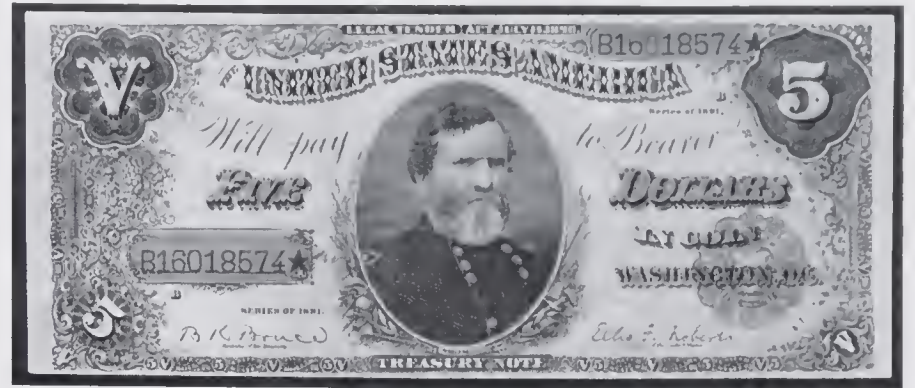

2097 \$2. Fr.358. 1891. No.B17012052. **Gem Uncirculated**. A truly exceptional note, with broad margins, bright color and good embossing. It would be difficult indeed to find a nicer example.
(\$3,000-4,000)

2098 \$5. Fr.361. 1890. No.A6891709. EF-AU. Choice to Gem Uncirculated except for a light fold right of center. Bright, clean and crisp.

2099 \$5. Fr.364. 1891. No.B16018574. **Choice Uncirculated**, fully gem if the bottom margin were slightly better. Beautifully bright, crisp and original, with deep sharp embossing.
(\$1,300-1,600)

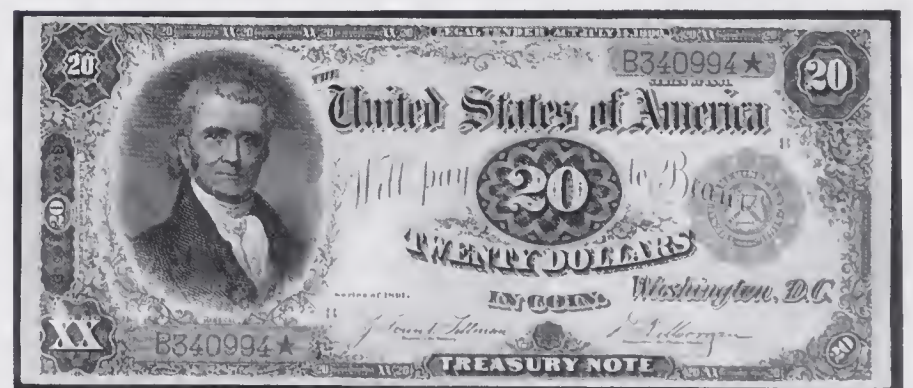

2100 \$10. Fr.366. 1890. No.A2882812. **EF**. The margins are a bit tight, but the color is good and it still has substantial crispness.
(\$1,600-2,000)

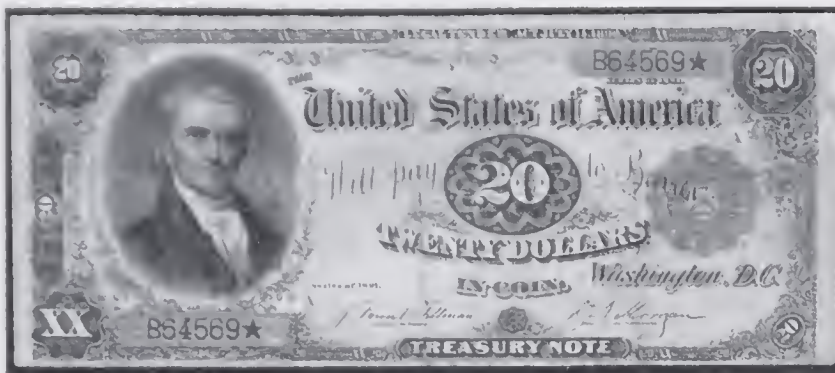

2101 \$10. Fr.370. 1891. No.B4531903. A nice clean **Fine**, with a nice overall appearance and just two tiny pinholes hidden in the portrait.
(\$400-500)

2102 \$20. Fr.374. 1890. No.A1024174. **Choice EF**, close at the bottom, with very faint quarter folds. A couple of central pinholes have been skillfully closed, with just few tiny brown spots remaining, visible only on the back. Still a very pretty note that looks Uncirculated at first glance. From an October 1998 auction as "Choice AU," and it's easy to see why one would be tempted to grade it that way.
(\$4,500-5,500)

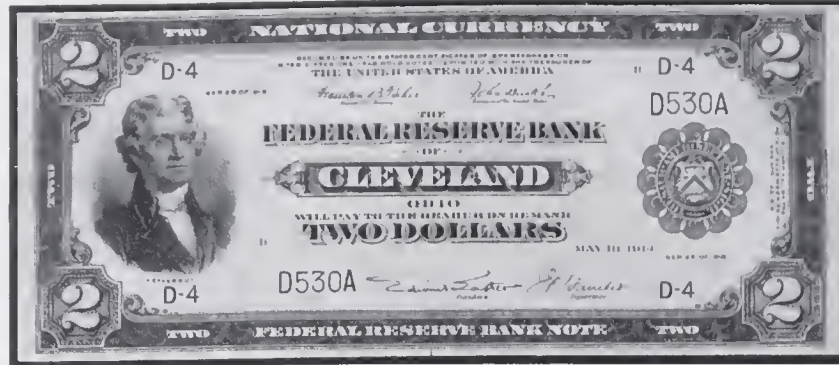

Exceptional \$20 Treasury / Coin Note

2103 \$20. Fr.375. 1891. No.B340994. **Choice EF**. An exceptionally attractive example - bright, clean and crisp, with nearly perfect margins. A lovely example of the infamous Treasury / Coin Note issue that nearly bankrupted the U.S. Treasury.
(\$6,000-8,000)

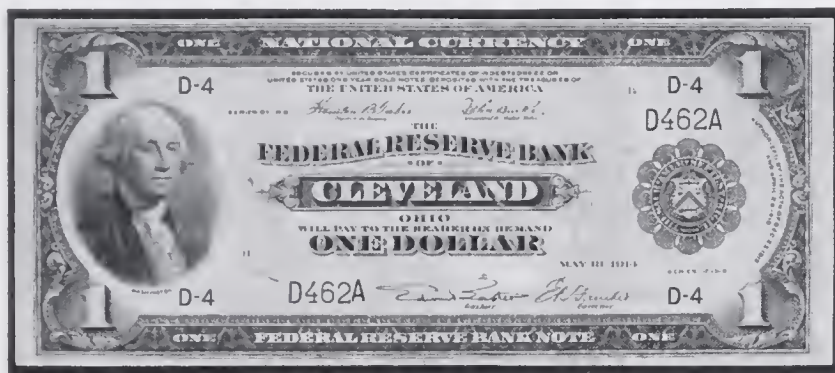

- 2104 \$20. Fr.375. 1891. No.B64569. VG+. A trifle tight at the bottom right, with a couple of tiny pinholes, but no splits or other damage. (\$1,300-1,600)

- 2107 \$2. Fr.757. 1918. Low No.D530A. Choice Uncirculated. Very close to gem, with good embossing. A good low number on a very popular type. (\$1,000-1,400)

Federal Reserve Bank Notes

Plate numbers 1 through 22 inclusive, loose, in repaired covers that may or may not be contemporary but are not from the original book. Very Rare Ansonia Ohio Note

- 2359 Ch.9194. Ansonia. First NB. \$20. 1929 T1. Fr.1802-1. No.E000047A. Choice EF. An extremely rare bank, with just two large and four small notes in the census. (\$750-1,000)

- 2366 Ch.4443. Columbus. First NB. \$100.** 1902 Plain Back. Fr.701. No.4069/4069. A. VF. A pleasing, problem-free note with purple and blue signatures. Throughout its 38-year, 3-title life this bank issued only \$50 and \$100 notes. (\$500-750)

- 2367 Ch.10105. Greenfield. Peoples NB. \$10.** 1902 Plain Back. Fr.628. No.T757813H/5461. A. VF. - 2370 Ch.652. Kent. First NB. \$10.** 1929 T1. Fr.1801-1. No.C001475A. EF+. A common bank, but a bright clean note that looks a grade higher at first glance. (\$75-90)

- 2371 Ch.6779. Loveland. Loveland NB. \$20.** 1929 T1. Fr.1802-1. No.B000161A. VG, with a few pinholes, soiling and faint pencil graffiti. The Kelly census shows four large and eight small notes, but our sales records show only two appearances in fifty years - an auction four years ago and a fixed price list twenty years ago. If you're looking for a note from Loveland, don't wait too long - with a record like this and no notes reported from the only other bank in town, your opportunities are few and far between. (\$200-300)

(\$150-200)

- 2376 Ch.1997. *Wilmington. Clinton County NB. \$10.* 1882 Brown Back. Fr.485. No.R712178/612. B. VG in terms of wear, but a bit aged, with some pinholes and trivial tiny margin splits. The signatures are still dark and bold.

Has three vertical folds, no doubt from being carried as a souvenir, probably by one of the bank officers who signed the note. This rare bank was chartered in 1890 and first issued Brown Back notes - this note is from the first sheet, and is the only number 1 note reported in Kelly's count of **seven large notes known** for the bank. **(\$2,000-3,000)**

- 2400 Ch.4255. Claysville. NB of Claysville. \$10. 1882 Brown Back. Fr.484. No.N668962/535. A. EF. The census shows 22 large notes known, but they must be closely held as we've not seen a large note of any grade offered for many years. Rhode Island

Superb Rhode Island \$20 Brown Back

2484 Ch.N1151. Providence. Old NB. \$20. 1882 Brown Back. Fr.494. No.B496079/4995. A. Choice AU, with a faint center fold. Very bright paper and color, with beautiful bold signatures. This is the only brown back of sixteen notes known on the bank, and of the eighteen \$20 Brown Backs on Rhode Island that we've traced, this is one of only two graded AU (the rest all run from VG to VF). The other note described as AU was from Tom Morris' estate, and was last seen publicly in a Donlon sale 25 years ago. One has been reported as CU, but then again the same source also reported this note as CU. A rare and superb note no matter how you look at it! **(\$750-1,250)**

This note was lot 2515 in a September 1997 Cincinnati auction, described as "Choice Crisp Uncirculated." Given that this may very possibly be the finest known note of its type for the entire state, we feel no need to inflate the grade.

Unique West Virginia Brown Back Sheet

- 2516 Ch.5164. Wheeling. National Exchange Bank. \$5.** 1882 Brown Back. **Fr.477.** No.N974573N/12000. A. The individual notes would all grade **Gem Uncirculated**, but the sheet has a light fold between each pair of notes. Beautiful color, excellent margins and bold brown signatures make this an exceptionally attractive sheet. To date only 36 Brown Back sheets have been traced for all all states and denominations, including a small run of consecutive sheets from St. Paul Nebraska. **This is the only West Virginia Brown Back sheet known for any bank or denomination**, and only one other large size sheet is known for the entire state - a \$5 1902 Plain Back sheet sold four years ago. Small size sheets are rare as well, with just eight known. An outstanding showpiece for the West Virginia collector or the sheet specialist.
(\$6,000-8,000)

Silver Certificates

From the Last Packs Issued

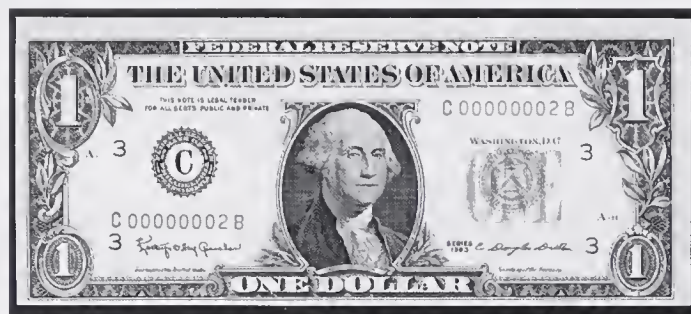

2553 \$1. SC. 1935B. Four consecutive notes from the last pack of Silver Certificates ever issued. Nos.Y12479982A-85A. Gem Uncirculated. A great bit of history denoting the end of an era. [4] (\$400-500)

The history of Silver Certificates came to a close on November 6, 1963, when the last notes were printed. Luckily the last pack was saved for posterity, with the last 10 notes from the pack going to the Smithsonian. These notes are from the next lower 10 - only five higher numbered notes exist in private hands. For those of us around at the time when the Hunts tried to corner the silver market, driving the price over \$40 an ounce, with thousands of rare silver coins being turned in for melt, this is a priceless bit of nostalgia!

2554 \$1 SC. 1935H, 1957B. Each from the last pack issued from the series - Nos.E10799953J and Y12479953A. The first is Choice Uncirculated, gem but for the centering; the second is Gem Uncirculated. A beautiful pair from the last 1935H pack and the last 1957B pack (the last of all silver certificates), with the last for digits of the serial numbers matching. [2] (\$200-300)

Radar notes are reasonably available, but much harder to find with the central four digits all the same - a set such as this must be extraordinarily hard to assemble. 2586 \$20. FRN. 1993. Atlanta. No.F34201451A. Part of the lower left corner was folded onto the face when the face engraving was printed, so part of the face is on the back (but not the overprints). A bit more unusual than the usual fold over error, as the note was then unfolded for trimming, resulting in a normal size note when unfolded. AU, with a faint fold. (\$150-250)

CONDITION TERMINOLOGY FOR CURRENCY

Gem Unc. (Gem Uncirculated) - The perfect uncirculated item, clean, bright, vivid, crisp (where paper permits), well-margined, unimprovable, without folds.

Choice Unc. (Choice Uncirculated) - A lovely uncirculated item, having only a hint of aging or unevenness of the margins, face or back, or narrow margins which take it out of the "Gem" class.

Unc. (Uncirculated) - As made or issued, but margins may be poor, the item lightly aged, with border trimming.

Choice AU (Choice Almost Uncirculated) - Essentially a mishandled uncirculated item with deficiencies like a corner fold, teller counting smudge or count wrinkling.

AU (Almost Uncirculated) - There is one fold, a teller counting smudge or counting wrinkling present.

EF (Extremely Fine) - An item which may, at first glance, look uncirculated, but which has several petty folds, or a hard crease down the center perhaps with corner folds. Crisp, bright, vivid and pleasing, the paper as made, permitting.

VF (Very Fine) - Typically an item marked by moderate quarterfolds with perhaps a few other signs of handling. Should be clean, not seriously aged, torn, or pinholed.

F (Fine) - The last grade of an item in which the paper still has body. The folds are numerous and the design is beginning to show signs of soiling wear.

VG (Very Good) - A well-circulated item, complete, unimpaired except for petty tears and splits, pin holes, some surface splitting along heavy folds and soiling.

Good - An even more heavily circulated item with body holes, petty tears and splits, very soiled and tired, scarcely legible.

Fair - Heavily worn, split, holed, up to 10% gone, legibility seriously impaired.

Poor - A mere remnant, tattered and torn, scarcely readable with typically more than 10% of its surface area gone.

Abt (before a grade) - A shade below the grade it precedes.

Plus or + (following a grade) - A shade better than the grade.

VF-EF (hyphen between grades) - The grade is about halfway between the two grades shown.

VF/Good (slash between two grades) - Face and back are two different grades. The grade preceding the slash is for the face. The grade following is for the back.

Extremely Fine+ (EF+) - As made, or nearly so.

All certificates are **Very Fine** unless otherwise mentioned.
